To Whom It May Concern

I know MS. PRIYANKA CHAND as one of my favorite students at Kukreja Institute of Management & Technology Academy (KIMT Academy), and she is constantly in touch with me over the year for discussions and consultations. PRIYANKA CHAND struck me as a sincere, hardworking and intelligent person. It was satisfying to see her further grow into a mature, focused and committed person during the tenure of her Fashion Designing course . PRIYANKA CHAND was diligent and punctual in the completion of her class assignments and was an active contributor to the classroom discussions. She demonstrated an excellent grasp of theoretical concepts and consistently scored good grades in the related course assignments and practicals.

Kukreja Institute of Management & Technology Academy (KIMT Academy) is one of the best college in India and the Fashion Designing program at Kukreja Institute of Management & Technology is extremely competitive as students from around the country and other international regions vie for the limited class sizes with acceptance rates of less than 0.1%. It is heartening to see that PRIYANKA CHAND constantly sought opportunities to harness all the possible college resources to further her interests and knowledge.

She has an ability to work in high-pressure environments. She is competitive but not aggressive and always welcome new challenges by showing her creativity in solving them. She is a fast learner with good memory retention. She can work in a multi-cultural and diverse environment by blending in seamlessly. She has good communication skills and presentation skills.

I am confident that PRIYANKA CHAND will excel in whatever she chooses to do. I wish her all the success in future and strongly recommend her for your offered programme.

Kind Regards,
