I feel elated writing a recommendation in support of **MR. CHALLA GOWTHAM REDDY**. I have been in synergy with him in my capacity as his professor since his enrollment in the course of **Bachelor of Hotel Management & Catering Technology**. In my observation, I would say he is dedicated and shows a positive attitude towards academics which is palpably evident through his aggregate. He shows acute levels of smart work and focus. In addition to dexterity, he shows a high level of curiosity for learning about the latest subject in his field and tries to bridge the knowledge gap.

Apart from having exceptional managerial skills, he has shown great interest towards practical aided learning techniques. He has also grown the temperament to voice his ideas clearly over the time. He viciously analyses and has the spirit to teach him the knowledge that has not been covered in the curriculum. His detail-oriented approach enables him to be passionate. I am sure that he would find the rigorous academic atmosphere in your program quite conducive.

I have noticed him perseverant disposition at its best during the years on his contribution in various student-oriented societies. He has assertively taken the helm of his time for academics, co-curricular and extracurricular activities very efficiently without neglecting any of them.

He is visibly amiable also his interpersonal skills compliment his ambitiousness. He pursues and develops a perspective towards everything around him which helps him be courteous, considerate and methodical. He is a very impressive and ingenious student and will prove to be an asset to any institution he enrolls in.

I strongly believe that he would leave no stone untouched to come out in flying in his colors in his areas of interest. In view of all facts, I strongly recommend him, for admissions into your graduate program. I wish him consistent success in his future endeavors.

N. Lakshmi Chaitanya
