Executive Summary

Experienced designer with (2.5 years) in the field, skilled in minimalism and user-behavioural approach and driven with solving complex problem. Strong foundation in UED, HCI, and psychology with international exposure. I’ve worked across web and mobile design, team management, and global-standard products. Inspired by authors like Carol Flanders, I aim to craft minimal, empathetic products that help start-ups realize the power of art and psychology.

Work Experience

Intricare Technology, Gujarat (Jan 2025 - Nov 2025) - Fulltime

- Shipped the bulk enrichment feature which helps 1k+ users to enrich and export millions of prospect in 3-4x faster that usual.
- Led a revamp of sales page which results in 6+ new sign ups.
- Enabled 1k+ sales/marketing people to seamlessly chat with their new prospects in 2x speed with the help of chrome extension.

Absax Technology, New Delhi (Dec 2023 - Nov 2024) - Fulltime

- Lead a team of 3 designers to meet the desired deadlines set by the client.
- I have handled lots of SAAS projects(Apps, website and dashboard) in an international standards, deeply understanding the client’s requirements and customer’s satisfaction that leads me to stand out from those employee for couple of times.

Dedico Media, Chennai (April - November 2023) - Freelancer

- It was a media company focusing on publishing personalized news, which was my new experience in working for media based company.
- Successfully completed the web and application for his business that results in gaining 20% target users for his business than last couple of years.

Coin Hub Expo, USA (January 2023 - March 2023) - Freelancer

- As a Freelance UX/UI Designer I have done a complete web design for this company by that they participated in design hackathon held at adu Dhabi. Where I came to know about international trends and products
- With my thorough understanding I have completed that project, which results in that company secures 4th place on that hackathon with a cash prize of $ 2K USD, that made my remarkable day.
